SKILLS

Frontend	HTML, CSS, JavaScript, TypeScript, TailwindCSS, React, Next.js, React Router, Redux
Backend	Node.js, Express.js, Firebase, REST API, GraphQL, JWT Authentication, NestJS , Docker
Database	MongoDB, Mongoose, PostgreSQL, pgAdmin, Firebase Realtime DB, Prisma, Sequelize
Deployment	Netlify, Vercel, Render, Railway, Firebase Hosting, AWS, GitHub Actions(CI/CD)
Tools	Git, GitHub, VS Code, Postman, Chrome DevTools, Prettier, Thunder Client, ESLint, Figma
Soft Skills	Fast Learner, Team Work, Critical Thinking, Communication, Problem Solving, Adaptability

EXPERIENCE

Full Stack Developer (Personal Projects)   Jan 2024 – Present
Chittagong, Bangladesh

- Developed responsive full-stack applications using the MERN stack with seamless frontend-backend integration.
- Implemented secure REST APIs with authentication and payment integration using Mongoose for MongoDB
- Deployed projects on Netlify, Vercel, Render and other platforms with environment-based configuration.

PROJECTS

Ashraf's Fashion Hub A feature-rich full-stack e-commerce platform with responsive UI, admin panel, and end-to-end shopping experience. Core features include dynamic product filtering and sorting, searching, user authentication, cart management, order confirmation with downloadable receipts. Integrated smooth page transitions. Designed to be easily extendable with real payment gateways (e.g., Stripe) and scalable backend API architecture. (Live Demo)

Portfolio Website. Developed a personal portfolio using React and TailwindCSS. Integrated contact form with EmailJS. Deployed using Netlify and configured custom domain. (Visit Here)

EXTRA-CURRICULAR ACTIVITIES

- Actively participate in online coding communities, GitHub collaboration, and open-source contribution.
- Regularly explore and brainstorm SaaS product ideas with a focus on real-world solutions.
- Practice UI/UX design by replicating interfaces from Dribbble and converting them to responsive websites.

LEADERSHIP & COMMUNITY INVOLVEMENT

- Mentored junior developers through code reviews, project feedback, and online sessions.
- Organized and participated in IIUC tech meetups and collaborative coding events.
- Share technical content and developer tips regularly on LinkedIn to engage with the dev community.
